## Door in Door Series for Main Door with Grille 格栅主门的门中门

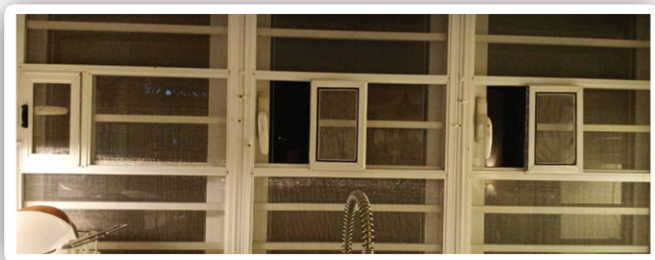

### How to Install an Mosquito netting on the iron metal grille ??

如何在主要入户门上安装纱网？

In Malaysia, Most of the Main entrance will putting a Iron metal grille as a security purpose door for protection agains bulgary. This Door in Door Netting Series is Special Design At Innovate to Stop the Fly come in from the metal grille. Beside that, not only help to stop the fly, but it put in a consideration on easy for hand access to the pac-lock. So we made a small hand access in order to fit the size and dimension for every grille door. The Dimension hand access pocket it could be design to fit ur and family member. The bottom , we will put door seals , gasket and rubber to reduce the change of getting mosquito fly in. Suitable for often use pac-lock family.

在我国，大部分主要入户门都会有铁花门，所以纱网也自然会固定在铁门上。传统上，我们还有在里面加上一个挂锁以策安全，但是，装了纱网，手如何伸进去锁挂锁呢？有鉴于这，我们在纱网上设计一个小窗口，让业主能够方便和灵活的把手伸进去锁挂锁。

铁门的地步，我们使用特殊的封面条把关，让其做到滴水不漏。不让一次蚊子和昆虫有机会进入您的家中。但是这个设计款式，主要针对耐用。

Beside on this. another option for does home apply with iron metal grille. we can use magnet type to stick directly on the metal grille frame surface . it tinny , clean and nice without big border of frame. We Develop a large size pocket to allow hand can access to the pac-lock. But compare this design with aluminium made, this is not lasting compare to the aluminium type.

除了以上的用铝合金制造一个纱门网您的铁门上，对于有铁花门的业主，还可以选择使用磁铁式纱窗以便解决问题。这是您的铁门看起来比较整齐/美观/舒适。我们专门为铁花门开发一个尺寸较为大的塑料口袋，以便让手更容易开关挂锁。这个设计，主要是美观，因为少了框，但耐用程度如果比较与铝制的，会比较没那么出色。
